Grievance Coordinator Signature [Signature]

Date Grievance Is Received 7/28/14

Statement of Grievance: What is the standard comm. mark up % for this ICE facility? What is the actual % comm. mark up for this ICE facility? Why is the price being increased? Please, do not blame the rising gas prices; the past 10 yrs. gas has been on the rise. With the price now as it stand is very high. Many of us and myself have no form of income. What jobs pay here is slave labor. Many of us are very poor as it is, you force us to purchase or go hungry. A hundred dollar would not feed you for a week supply from this commissary prices on it is, with the increase your board to use us your only only consumer here. Please, reconsider raising this revolting comm. prices, or pay us more than \$1 a day.

Detainee Grievance Response

Detainee Name and ID#: [REDACTED] Menocal Lepe, Alejandro #14-189

In response to your grievance dated 07/23/2014, the finding is:

The pricing is approved by ICE

GEO does not set the pricing

Ice tells us what the daily pay is for trustees

I hope this addresses your concerns.
