(b)(6);(b)(7)(C) - I contacted (b)(6) and they do not keep copies of documents that are certified. Unfortunately, I will need to have the visa petition certified again. There are also a couple of other documents in the mother's A-file that I would like certified. What's the best way to proceed? The exhibits are due to the Court on March 20, 2017.

Any chance anyone in your office will be going back to USCIS in Phoenix? Do you still have the A-file? I can also make arrangements to fly out and do it myself. (b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b)(7)(C) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b)(7)(C) father filed on behalf of (b)(6);(b)(7)(C) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally

scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, (b)(6):(b) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

Yes, please have (b)(6) pick up the certified documents. I haven't heard back from (b)(6) but (b)(6) just informed me that they are not allowed to release the documents to me since I'm a different agency. However, is it ok if the original visa petition stays with USCIS in case (b)(6);(b)(7)(C) needs it for the affidavit?

(b)(6);(b) – I contacted (b)(6) at CIS and she put me in touch with a lawyer (b)(6);(b)(7)(C) who is going to figure out how to authenticate the document. It turns out that the certification was just certification that it was the original kept in the file, which is not enough to get the doc admitted at trial. It may be easier to have someone at USCIS send me the docs so you may not need to pick them up on Monday. I'll let you know as soon as I know. I really appreciate all of your help with this. I know you've gone out of your way.

I don't know what CIS's certification looks like, but I did indicate on my request that the documents are being used in litigation. Thus, I imagine the certification will be sufficient for you to get in under the federal rules of evidence. I know other OIL attorneys have used it, and to my knowledge, have had no issues getting the evidence admitted. Neither I nor anyone else in Eloy could prepare an affidavit for FRE 901(b)(7) or FRE 901(b)(8) because ICE is not the custodians of the A file. USCIS is the official custodian of the A file so only they could provide this affidavit.

Sorry I can't be of more help. I'll email you the docs on Tuesday morning, so you can get the answer to your question ASAP.

I will definitely send a coversheet. I'll try and get it done today.

Do you know what the USCIS certification says? I want to make sure that I can get the document in as a business record under 803(6). I received a doc from the State Department and I am attaching their certification. I wish I had thought of this before. Can you verify with CIS that the certification is similar?

I'd also like to use the public records exception under FRE 901(B)(7) and the ancient document exception under FRE 901(b)(8). I want to make sure the doc is admitted so I'm probably going overboard. Would you, or someone else in the office, be able to prepare an affidavit attesting to evidence that the document was recorded or filed in a public office as authorized by law; or a purported public record or statement is from the office where items of this kind are kept; and (A) is in a condition that creates no suspicion about its authenticity; (B) was in a place where, if authentic, it would likely be; and (C) is at least 20 years old when offered.

Good morning. I believe you have a hearing on this case tomorrow. (b)(6);(b)(7)(C) is getting your documents certified today, so we are wondering if you are flying in to Phoenix for the hearing tomorrow. (b)(6);(b)(7)(C) is working from Phoenix today, so maybe you two can coordinate a way for her to get you the certified documents in person if you will be here locally. Let us know.

Thanks,

(b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b)(7)(C) summary

judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b) father filed on behalf of (b)(6);(b) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6);(b) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, (b)(6);(b) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

Good morning. I need to get some documents from an A-file certified by CIS in Phoenix. Do you either of you have a contact at CIS records in Phoenix that I could contact to make the arrangements? (b) is assisting me in getting the certification since I'm going on leave starting tomorrow. Thus, if you could reply all, that would be great.

Thanks,

A heads up,

This case was processed earlier today as a reinstatement, then a USC issue arose when the alien was brought for processing from Pima County jail. He also expressed fear.

I have copied A file and will do what I can on a USC analysis. Bed space is not yet determined, and he may end up being held overnight at CBP, with bed space being determined tomorrow morning. Hence, my email to both Eloy and FLO.

I will forward my draft to the appropriate DCC tomorrow morning.

Date: Tuesday, March 28, 2017 10:07:00 AM

All:

A few of you have indicated that Judge (b)(6);(b)(7)(C) when assessing whether a person has a possible USC claim, asks the respondent about their grandparents. If the respondent indicates a grandparent is a USC, she then asks if the parent has any status. If the respondent replies "no", she concludes that the respondent has no probative claim. As you all know, that would eliminate a possible derivation claim but not necessarily an acquisition claim. Thus, in cases where the respondent indicates they have a USC grandparent, can you ask the appropriate questions to rule out an acquisition claim too.

Let me know if you have any questions.

Thanks,

(b)(6);(b)(7)(C)

Good morning. I believe you have a hearing on this case tomorrow. (b)(6) is getting your documents certified today, so we are wondering if you are flying in to Phoenix for the hearing tomorrow. (b)(6) is working from Phoenix today, so maybe you two can coordinate a way for her to get you the certified documents in person if you will be here locally. Let us know.

(b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b) father filed on behalf of (b)(6);(b) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according to the Detainee Locator System, (b)(6);(b)(7)(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

I have it here in my hand and I am mailing it. I will also send the file back to (b)(6);(b)(7)(C) at Eloy.

The documents have been certified on the Form G-24. This is how USCIS certifies documents for use in court as evidence. USCIS will not be completing a separate declaration for the documents as the certification is enough to get the documents into the record as it clearly lays out that the documents are taken from the A-file that is kept by USCIS. This is what we have done for every ICE and CBP and USCIS litigation without any issues to date. I researched this and ran this by our HQ and the G-24 has sufficed to get A-file documents admitted into evidence (and only if an when we were challenged, we simply provided testimony from the signatory for admission).

The Records manager can only provide an affidavit if the affidavit was going to be something used in lieu of testimony (if required by the court).

Thanks,

I will definitely send a coversheet. I'll try and get it done today.

Do you know what the USCIS certification says? I want to make sure that I can get the document in as a business record under 803(6). I received a doc from the State Department and I am attaching their certification. I wish I had thought of this before. Can you verify with CIS that the certification is similar?

I'd also like to use the public records exception under FRE 901(B)(7) and the ancient document exception under FRE 901(b)(8). I want to make sure the doc is admitted so I'm probably going overboard. Would you, or someone else in the office, be able to prepare an affidavit attesting to evidence that the document was recorded or filed in a public office as authorized by law; or a purported public record or statement is from the office where items of this kind are kept; and (A) is in a condition that creates no suspicion about its authenticity; (B) was in a place where, if authentic, it would likely be; and (C) is at least 20 years old when offered.

(b)(6) - I am sick to my stomach. According to the tracking number, the package was delivered last Tuesday. However, it never made it to me. I've had all our mail staff searching for it. Any chance anyone in your office will be going back to USCIS in Phoenix? Do you still have the A-file? I can also make arrangements to fly out and do it myself. Of course, this is the first time in my 16 years of gov service that an important piece of mail went missing.

Good morning. I believe you have a hearing on this case tomorrow. (b)(6) is getting your documents certified today, so we are wondering if you are flying in to Phoenix for the hearing tomorrow. (b)(7) is working from Phoenix today, so maybe you two can coordinate a way for her to get you the certified documents in person if you will be here locally. Let us know.

Thanks,

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b)(7)(C) summary

judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b) father filed on behalf of (b)(6);(b) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6); is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, (b)(6);(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

(b)(6) - I am sick to my stomach. According to the tracking number, the package was delivered last Tuesday. However, it never made it to me. I've had all our mail staff searching for it. Any chance anyone in your office will be going back to USCIS in Phoenix? Do you still have the A-file? I can also make arrangements to fly out and do it myself. Of course, this is the first time in my 16 years of gov

service that an important piece of mail went missing.

(b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b) father filed on behalf of (b)(6);(b) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6);(b) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, (b)(6);(b) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

(b)(6);(b)(7)(C) - I am sick to my stomach. According to the tracking number, the package was delivered last Tuesday. However, it never made it to me. I've had all our mail staff searching for it. Any chance anyone in your office will be going back to USCIS in Phoenix? Do you still have the A-file? I can also make arrangements to fly out and do it myself. Of course, this is the first time in my 16 years of gov service that an important piece of mail went missing.

(b)(6);(b)(7)(C) is working from Phoenix today, so maybe you two can coordinate a way for her to get you the certified documents in person if you will be here locally. Let us know.

(b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b)(7)(C) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b)(7)(C) father filed on behalf of (b)(6);(b)(7)(C) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6);(b)(7)(C) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, (b)(6);(b)(7)(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

I spoke with ERO. They will arranged transport to the courthouse. I advised them that the order indicates that the trial is two days and that he is allowed to wear street clothes. We obviously don't provide street clothes, so if there is something specific he wants to wear, he needs to start making arrangements to have the garments brought to the facility. They still need to be screened.

Your POC with ERO will be Deportation Officer (b)(6);(b)(7)(C) His email is (b)(6);(b)(7)(C)

Let me know if you have any questions.

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b) father filed on behalf of (b)(6);(b) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6); is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System (b)(6);(b) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

(b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b)(7)(C) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b)(7)(C) father filed on behalf of (b)(6);(b)(7)(C) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6);(b)(7)(C) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally

scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, (b)(6);(b)(7)(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

(b)(6);(b)(7)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b)(7) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b)(7) father filed on behalf of (b)(6);(b)(7) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6) is no longer there, but I believe that (b)(6);(b)(7) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, (b)(6);(b)(7) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

I know (b)(6);(b)(7)(C) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, (b)(6);(b)(7)(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

(b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b) father filed on behalf of (b)(6);(b) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data

compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time.”

I know (b)(6);(b)(7)(C) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according to the Detainee Locator System, (b)(6);(b)(7)(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

Can you put me in touch with the person who will be arranging (b)(6);(b)(7) travel to the courthouse or should I get in touch with (b)(6);(b)(7) I know there were issues last time regarding who would have custody of (b)(6);(b)(7) which was relevant to who would approve him changing into street clothes at some point before the trial started. This time, the Magistrate issued an order indicating that he could wear street clothes. It's attached.

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b)(7)(C) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b)(7)(C) father filed on behalf of (b)(6);(b)(7)(C) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In

addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6); is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according to the Detainee Locator System, (b)(6);(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

You had originally helped (b)(6);(b)(7)(C) with this case. And if I recall correctly, you have helped the U.S. Attorney's office get A file records certified to use in court. I'm not sure how to go about doing that. If you have a moment, could we talk tomorrow morning about you have done this in the past.

Thanks,

(b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b)(7)(C) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b)(7)(C) father filed on behalf of (b)(6);(b)(7)(C) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according to the Detainee Locator System, (b)(6);(b)(7)(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

You had originally helped (b)(6);(b)(7)(C) with this case. And if I recall correctly, you have helped the U.S. Attorney's office get A file records certified to use in court. I'm not sure how to go about doing that. If you have a moment, could we talk tomorrow morning about you have done this in the past.

Thanks,

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b) father filed on behalf of (b)(6);(b) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according to the Detainee Locator System (b)(6);(b) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

I don't know what CIS's certification looks like, but I did indicate on my request that the documents are being used in litigation. Thus, I imagine the certification will be sufficient for you to get in under the federal rules of evidence. I know other OIL attorneys have used it, and to my knowledge, have had no issues getting the evidence admitted. Neither I nor anyone else in Eloy could prepare an affidavit for FRE 901(b)(7) or FRE 901(b)(8) because ICE is not the custodians of the A file. USCIS is the official custodian of the A file so only they could provide this affidavit.

Sorry I can't be of more help. I'll email you the docs on Tuesday morning, so you can get the answer to your question ASAP.

Best,

I will definitely send a coversheet. I'll try and get it done today.

Do you know what the USCIS certification says? I want to make sure that I can get the document in as a business record under 803(6). I received a doc from the State Department and I am attaching their certification. I wish I had thought of this before. Can you verify with CIS that the certification is similar?

I'd also like to use the public records exception under FRE 901(B)(7) and the ancient document exception under FRE 901(b)(8). I want to make sure the doc is admitted so I'm probably going overboard. Would you, or someone else in the office, be able to prepare an affidavit attesting to evidence that the document was recorded or filed in a public office as authorized by law; or a purported public record or statement is from the office where items of this kind are kept; and (A) is in a condition that creates no suspicion about its authenticity; (B) was in a place where, if authentic, it would likely be; and (C) is at least 20 years old when offered.

(b)(6);(b)(7)(C)

Good morning. CIS notified me that the certification is done. (b)(6) is going to go pick up the docs on Monday. I'll scan and email them to you on Tuesday and overnight them to you as well. Do you want to send a coversheet for me to include in the overnight envelope, so the mail is properly routed to you at your office?

Thanks,

(b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b) father filed on behalf of (b)(6);(b) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X]

number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6) is no longer there, but I believe that (b)(6):(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according to the Detainee Locator System, (b)(6):(b)(7)(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

Good morning. I believe you have a hearing on this case tomorrow. (b)(6) is getting your documents certified today, so we are wondering if you are flying in to Phoenix for the hearing tomorrow. (b)(6) is working from Phoenix today, so maybe you two can coordinate a way for her to get you the certified documents in person if you will be here locally. Let us know.

Thanks,

Subject: [WARNING: MESSAGE ENCRYPTED]FW: The file - (b)(6);(b)(7)(C)

(b)(6);(b)(7)(C)

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b)(7)(C) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b)(7)(C) father filed on behalf of (b)(6);(b)(7)(C) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6) is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, Aguilar is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

Any chance anyone in your office will be going back to USCIS in Phoenix? Do you still have the A-file? I can also make arrangements to fly out and do it myself. Of course, this is the first time in my 16 years of gov service that an important piece of mail went missing.

I was in contact last October regarding the citizenship claim of the above referenced alien pending in D. Arizona. The trial ended up postponed, and the Court recently denied (b)(6);(b) summary judgment motion, which I opposed. In the opposition, I attached the 1989 visa petition, which (b)(6);(b) father filed on behalf of (b)(6);(b) mother. In the Order denying SJ, the Magistrate stated in a footnote that I need to have the document authenticated to use it at trial. I plan on authenticating under FRE 901(b)(8) (ancient document). However, I will need someone to certify that the

document, which I received below when (b)(6);(b)(7)(C) sent me the A-file as several PDF attachments. Do you have someone who can certify that the document (pages 147-52 of the attached PDF) was initially provide as a PDF, but that it does not differ from ICE's records? In addition, do you have someone who could provide a declaration or affidavit stating something similar to this:

this is typically where a visa petition would end up, in that person's experience of working [X] number of years at ICE/USCIS and reviewing/certifying/managing [approximately Y] number of A-files.

FRE 901(b)(8) (Ancient documents) specifically states: "Evidence that a document or data compilation, in any form, (A) is in such condition as to create no suspicion concerning its authenticity, (B) was in a place where it, if authentic, would likely be, and (C) has been in existence 20 years or more at the time."

I know (b)(6); is no longer there, but I believe that (b)(6);(b)(7)(C) was the legal assistant who originally scanned the documents.

The attached PDF is password protected so I'll send the password in a separate email.

Also, according the Detainee Locator System, (b)(6);(C) is still in custody. I thought he was granted bond. Was he not able to post bond? I have a conference with the Magistrate on Thursday to discuss a new trial date so I would like to be able to provide her details of why he is still detained.

Thanks for your assistance.

Hey (b)(6)

(b)(6);(b)(7)(C) wanted me to touch base with you on this case. This was one of my USC claims. We elevated the HQ alert back in November and two hearings (conferences) later, R was ordered removed to Australia in the alternative last Friday (3/10/2017) after RA asked for yet another adjournment to “obtain more docs” and stating that he just applied for a US passport the day before. FYI—R has had multiple adjournments spanning 1 year solely to explore his USC status

and has had 4.5 years to explore his USC status while in proceedings.

Based on PLAnet, (b)(6);(b)(7)(C) seems to be the POC @ HQ. Do you think it's appropriate to simply send her an e-mail with a brief summary and PLAnet link? Alien reserved appeal— due 4/10/2017.

Thanks and best,

PMM ordered R removed to Australia (in the alternative) on Friday, March 10, 2017. This was a USC claim. Please review my PLANet entry (sorry for the length). I will hold on to the file as R reserved appeal (due 4/10/2017). Please let me know if I need to update HQ. Looking at PLANet, I see the HQ concurrence was entered in by a (b)(6);(b)(7)(C) but I'm not sure if this is the HQ POC.
