This includes but is not limited to all email, text messages, notes, reports, memorandums, proposed bill texts, and bill evaluations. Please note that in a floor speech of 9/26/2019 Rep. Underwood stated she received information from the "Department of Homeland Security" indicating a request for an integrated Electronic Health Records System she referenced as "EHR." She refers to this in her remarks on HR 3525 as a "direct ask from medical officers at the Department of Homeland Security." Here is a link to the bill text in question: <https://www.congress.gov/bill/116th-congress/house-bill/3525/text> (It is possible that she actually had in mind Immigration and Customs Enforcement but failed to make this

explicit. In the event, I am requesting all communications associated with this "direct ask.")

2. DHS communications and related materials created by or received from other components of DHS or the Department of Health and Human Services Office of Refugee Resettlement about the use of Electronic Health Records systems already in place as well as the establishment of an EHR for the use by offices of CBP.
3. Information on meetings and communications with private individuals, including but not limited to lobbyists or company officials related to past, current, or potential "enterprise" or other information technologies for collecting, coordinating, or maintaining health records data for those encountered or detained by DHS or any component of DHS. I have in mind technical reports, email, text messages, or other communications with the private sector tied to past, current, or potential contracts tied to EHR systems.

ICE has considered your requests under the FOIA, 5 U.S.C. § 552.

A search of the Office of Enforcement and Removal Operations (ERO) located records that were potentially responsive to your request. For this production ICE reviewed 11 Excel spreadsheets of potentially responsive documents. ICE has determined that 5 spreadsheets are non-responsive, 3 spreadsheets will be released in full and portions of the remaining 3 spreadsheets will be withheld in part pursuant to FOIA Exemptions 6, 7(C) and 7(E) as described below.

ICE has applied FOIA Exemptions 6 and 7(C) to protect from disclosure the personally identifiable information of DHS employees and third parties contained within the records.

**FOIA Exemption 6** exempts from disclosure personnel or medical files and similar files the release of which would cause a clearly unwarranted invasion of personal privacy. This requires a balancing of the public's right to disclosure against the individual's right to privacy. The privacy interests of the individuals in the records you have requested outweigh any minimal public

interest in disclosure of the information. Any private interest you may have in that information does not factor into the aforementioned balancing test.

**FOIA Exemption 7(C)** protects records or information compiled for law enforcement purposes that could reasonably be expected to constitute an unwarranted invasion of personal privacy. This exemption takes particular note of the strong interests of individuals, whether they are suspects, witnesses, or investigators, in not being unwarrantably associated with alleged criminal activity. That interest extends to persons who are not only the subjects of the investigation, but those who may have their privacy invaded by having their identities and information about them revealed in connection with an investigation. Based upon the traditional recognition of strong privacy interest in law enforcement records, categorical withholding of information that identifies third parties in law enforcement records is ordinarily appropriate. As such, I have determined that the privacy interest in the identities of individuals in the records you have requested clearly outweigh any minimal public interest in disclosure of the information. Please note that any private interest you may have in that information does not factor into this determination.

ICE has applied FOIA Exemption 7(E) to protect from disclosure internal agency case numbers contained within the document.

**FOIA Exemption 7(E)** protects records compiled for law enforcement purposes, the release of which would disclose techniques and/or procedures for law enforcement investigations or prosecutions or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law. I have determined that disclosure of certain law enforcement sensitive information contained within the responsive records could reasonably be expected to risk circumvention of the law. Additionally, the techniques and procedures at issue are not well known to the public.
