1.2 **General Information**

- A. This is a Statement of Work (SOW) for Department of Homeland Security (DHS) Federal Protective Service (FPS) Contract number HSCEC6-08-D-00001.
- B. As an integral component of the FPS security effort, the Contractor shall provide and maintain all management, supervision, manpower, training, equipment, supplies, licenses, permits, certificates, insurance, pre-employment screenings, reports, and files necessary to accomplish security guard services as described and required in this SOW. The Contractor shall perform to the standards required in this Contract and will be expected to work closely with FPS representatives throughout the duration of the Contract.
- C. Where the Government identifies and references specific Solicitation/Contract Section numbers, that reference refers to that Section in its entirety, including every subsection having the same letter and/or letter-number prefix. For example, a reference to the requirements of "Section C" includes all of Section C. Similarly, a reference to Section 7 includes Sections 7.1, 7.2, and so on, through the last subsection identified with a prefix of "7."

1.3 **Information Regarding FPS**

- A. FPS is the security and law enforcement component of the Department of Homeland Security, Immigration and Customs Enforcement. FPS is responsible for protecting federally owned or leased facilities. FPS 's mission is to provide a safe environment in which Federal agencies conduct their business without fear of violence, crime or disorder.
- B. Contract security guards have a crucial and highly visible role in support of FPS's mission. They are usually the first (and sometimes only) contact visitors have with the Federal community, and they are usually the first

line of defense in a federally controlled facility. Visitors and federal employees perceive the contract Security Guards to be an integral part of the FPS mission. It is crucial that the Contractor ensure that their employees realize the importance of their role, and perform their duties courteously and professionally at all times.

2 Contract Transition

- A. A smooth and orderly transition between the Contractor and the predecessor Contractor is necessary to assure minimum disruption to vital Contractor services and Government activities.
- B. The Contractor shall not disrupt official Government business or in any way interfere with the assigned duties of the predecessor Contractor's employees. The Contractor may notify the predecessor Contractor's employees that the Contractor will be assuming services upon the Contract start date and may distribute business cards, employment applications, brochures, and other company information to the predecessor Contractor's employees while they are on duty, provided that there is no interference with the Contract employee's assigned duties (e.g., during "off hours" or during relief or lunch breaks). However, the Contractor shall not interview, recruit, schedule interviews, or conduct extensive discussions with the predecessor Contractor's employees while they are on duty.
- C. The Contractor shall provide a transition plan within 5 working days after contract award. The transition plan shall include at a minimum all preliminary licensing and certifications required to initiate performance; process for transitioning predecessor employees; recruitment of new employees; and, timeline showing procurement of required equipment and uniforms. The Plan shall address:
 - 1. A strategy for implementing supervisory functions,
 - 2. The process for transitioning predecessor employees,
 - 3. Equipment inventory (radio & phone) and maintenance plan,
 - 4. Weapons Inventory and employee assignment
 - 5. Communication plan.
 - 6. Relief and break plan,
 - 7. A plan for establishing a reserve force and the current status of staffing levels,
 - 8. A progress report on obtaining permits, licenses, and registrations,
 - 9. A status report on submitting applications for personnel clearances,
 - 10. A strategy for training including schedules, locations, coordinating with FPS monitors, and class staffing levels.
- D. The government will allow a maximum of 60-day start up from the time of the award of the base task order to the initial start of performance.

2.2 Phase-Out of Contract and Continuity of Services

- A. The contractor shall provide a list with the total number of employees and their names performing on the Contract with any applicable suitability and certification expiration dates when requested by the CO in preparation for a new solicitation for follow-on services. Prior to Contract expiration and after a follow-on contract is awarded, the Contractor shall exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor contractor.
- B. After a new Contract is awarded, the Contractor shall disclose necessary personnel records sufficient to allow the successor Contractor to conduct interviews for possible transition (if the Contractor is not awarded the successor Contract). These records shall be provided to the successor at least 45 days prior to date of Contract expiration. If any incumbent employees are selected by the successor and are agreeable to the change, the incumbent Contractor should cooperate to grant the employees release at a mutually agreed date.
- C. As part of the closeout process, the Contractor shall, within 30 days of the final day of performance, turn over all incumbent officer training, medical, suitability and security records to the successor contractor as stated in

paragraph 19A, 1 thru 17. Failure to do so shall result in a 10% withholding of final payment until this action is accomplished

2.1 Conferences and Meetings

- A. Immediately after award of the Contract and prior to the Contractor's performance at the work site(s), the CO shall notify the Contractor, and the Contracting Officer's Technical Representative (COTR) to schedule a pre-performance meeting that includes an in-depth review of the total Contract requirements and a review of the Contractor's Transition Plan.
- B. During the performance of the Contract, the CO, COTR, and the Contractor shall meet annually or on an as-needed basis to discuss all relevant Contract issues. The Contractor and the CO shall sign the written minutes of these meetings, which will be prepared by the Contractor and incorporated into the Contract file. Should the Government not concur with the minutes, the Government shall state, in writing, any areas of clarification or disagreement within 5 days after receipt of the meeting minutes. Those comments shall be included with the report in the Contract file.

3 Authority and Jurisdiction, Permits, Licenses, and Adherence to Laws

- A. The Contractor bears the sole burden for ensuring that all legally required licenses and permits are obtained and renewed as specified by the regulating agency. The Contractor shall possess **ALL** licenses required to perform services in Iowa, Nebraska, Kansas and Missouri.
- B. Prior to commencement of work under this Contract, and except where precluded by local law or ordinance, the Contractor shall make and complete all arrangements with the appropriate officials in the state or local jurisdiction in which the services are to be performed to:
 - 1. Obtain, possess, and maintain all business and corporate licenses required to operate as a commercial security service within the entire geographic area covered under this Contract prior to performing any work under this Contract. The Contractor shall furnish a legible copy of all legally required licenses and permits (excluding permits and licenses issued to individual Contract employees) to the CO prior to the Contract start date and provide any revised licenses or permits during the Contract term.
 - 2. Provide any official bond(s) and insurance required, and pay any fees or costs involved or related to authorization for the arming of any employees engaged in providing armed guard services specified under this Contract.
 - 3. Obtain all licenses and permits required for each security guard and supervisor to serve as an armed security guard with the authority to hold and detain individuals suspected of committing crimes.
- C. The Contractor shall complete and certify a written record that shows names and issue dates for each Contract employee having each and all legally required licenses, permits, and certifications. This written Contractor certification shall state that all legal requirements have been fulfilled prior to the commencement of any Contract work. The Contractor shall provide an updated record to the Government upon request of the CO or COTR. The Contractor shall not be reimbursed for services rendered by a Security Guard lacking appropriate permits and certifications.
- D. Failure by the Contractor to obtain all required licenses as of the Contract start date will be grounds for termination for default.
- E. The Contractor must pay all costs and fees associated with applying for, receiving, and maintaining all such permits and licenses throughout the term of the Contract. The costs associated with this requirement must be factored into the Contractor's hourly rate, as they will not be itemized or paid for separately by the Government.

- F. Where Contract employees are required by law to individually apply for licenses and/or permits, and a fee is required by the licensing agency, the Contractor shall reimburse the employee for all costs and fees associated with obtaining the required license/permit.
- G. Armed security guards shall carry their firearm license/permits (and, where legally required, their concealed weapons permits) on their person while on duty, unless local or state law requires the Contractor to maintain the records. Failure by an armed security guard to carry a valid firearm certificate or permit while on duty shall result in the security guard being removed from the armed post until the certificate or permit is obtained.
- H. All armed guards shall carry permit or proper state certification to carry weapons off site. Guards must have the ability to travel to and from their duty station with their weapons
- I. The CO, COTR and all other authorized Government personnel shall have the express authority to examine these documents upon request, at any time, during the duration of this Contract.
- J. Failure by the Contractor to maintain valid licenses and permits will be cause for the Government to take Contractual actions, up to and including termination for default.

Outdoor posts may require the individual to withstand extreme heat, humidity, cold, and/or severe weather (e.g., snow, sleet, rain, hail, wind) for up to four hours without shelter. <u>Substance</u>	<u>Cutoff Level (ng/mL)</u>
Marijuana metabolites	50
Cocaine metabolites	300
Opiate metabolites	2,000
Phencyclidine	25
Amphetamines	1,000

- B. The Contractor will perform random drug screening of 5% of the guard force assigned to this contract over a 12- month period. Contract Security Guards must resubmit to a urine drug screening upon renewal of physical forms every three years.

- C. Drug screening methodology shall conform to the U.S. Department of Health and Human Services Substance Abuse and Mental Health Services Administration's (SAMHSA) "Mandatory Guidelines for Federal Workplace Drug Testing Programs." These guidelines can be accessed via the Internet at: www.health.org/GDLNS-94.htm or at: <http://wmcare.samhsa.gov>.¹ The Contractor is strongly urged to use one of the laboratories listed on SAMHSA's "Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies," which is accessible via the Internet at: www.health.org/labs/index.htm or at: <http://wmcare.samhsa.gov>. This list is updated on a monthly basis. If the Contractor chooses to use a laboratory not shown on SAMHSA's current list, the Contractor must verify whether the laboratory's methodology conforms to SAMHSA's guidelines prior to utilizing that laboratory to perform drug screenings.
- D. Other drug testing methods (hair, sweat patch, etc.) are commercially available but are not acceptable for the purposes of this Contract, due to widely varying standards of testing and laboratory reliability results. However, if SAMHSA does issue guidelines on alternative drug screening methods, the Contract may be modified to permit the use of those methods.
- E. The presence of a positive reading for *any* of the above substances over the designated cutoff level for that substance shall automatically disqualify an applicant from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period of time (from several hours to several days), the Contractor *shall not* permit any applicant to take multiple tests in order to receive an acceptable reading.
- F. The Contractor is responsible for all costs associated with obtaining the medical evaluation and drug screening for each Contract employee. All costs must be factored into the offering prices.

- A. The CO or COTR shall have the express right to request targeted urine drug screenings where there is a reasonable belief by the Government that the Contract employee(s) may be under the influence of or using illegal substances. Targeted screenings shall be conducted in a similar fashion to random screenings, with the exception that the CO will advise the CM in writing that s/he requests a drug screening of a specific security guard. Once the written request is received, the CM shall arrange for the test to be conducted as soon as possible, but not later than three working days. The Contractor shall pay the Contract employee the normal hourly rate/salary for all time associated with taking the screening. Each screening shall follow the guidelines described above.
- B. Contract employees who undergo targeted urine drug screenings may continue working under the Contract until the results have been provided to the Contractor. In the event that the results of any urine drug screening are negative, the Government shall bear the expense of the screening. This does not apply to the pre-employment urine drug screening. In the event that the results are positive, the Contractor shall immediately remove the Contract employee(s) with a positive reading from the Contract and immediately inform the COTR and CO of the result and the employee's removal from the Contract. Additionally, the Contractor shall bear all the expenses relating to the test for the employee(s) with the positive reading.
- C. Any Contract employee who undergoes either a random or targeted urine drug screening and tests positive for any of the substances shown above shall be permanently disqualified from working under this or any other FPS security guard services contract. Since most drugs are metabolized within a short period, the affected Contract employee *shall not* be authorized to take additional tests to achieve an acceptable reading.

- B. If the CO made the initial decision, a senior manager within the FPS Regional Office or headquarters Security and Law Enforcement Division will review the appeal. ² The Contractor may proceed with Contractor-provided training while awaiting results of the suitability adjudication process.

4. After the Contractor employee receives favorable suitability adjudication results and the employee successfully completes the training and passes the required examination(s), the Contractor shall submit the following information to the COTR for an FPS certification card:
 - a. Certification. A certification, signed by the Contract Manager, that the employee has met all the requirements set forth in Section C and that all pertinent documents are on file at the Contractor's facility. (See Exhibit 11.)
 - b. Photographs. Two color photographs, 1" x 1," no more than one year old, of the guard's head and upper shoulders; and
 - c. Contract Guard Qualification Certificate. The guard's name, and the name of the Contractor's company must be typed on the front of the card, and the guard must sign the signature block in blue or black ink.
 - d. Lautenberg Amendment Statement. Armed guards must submit a signed and dated "Domestic Violence" certification that satisfies the legal requirements of the Lautenberg Amendment, 18 U.S.C. § 922(g)(8) and (9). This certification is valid for one (1) year. The Contractor shall maintain a file of its guards' certifications and provide the COTR a signed statement certifying compliance with this requirement. If at any time a guard has a disqualifying event under Lautenberg, the Contractor shall notify the COTR and immediately remove the guard from work under the contract that may require use of a firearm. The Contractor shall submit a new certification to the COTR stating that all its guards are in compliance with the Lautenberg Amendment annually.
- C. The certification card shall be worn on the outermost garment of the guard's uniform.
- D. As determined by the COTR, The Contractor is responsible for the employees having all required certification credentials in their possession at all times while on the protected premises. This includes not only the FPS certification card, but also a valid CPR/AED/First Aid card and a valid firearms permit.
- E. The Contractor must return employees' certification card to FPS within five (5) workdays upon the termination of the guard's employment or the guard's removal from the contract. At the end of the contract period, the Contractor must return to FPS all blank cards and all completed cards for guards who will not continue to work under FPS contracts. Possession of an FPS certification card does not waive any other contract requirement.
- H. Because the Certification card does not expire when individual certification elements expire, the Contractor is responsible for continually maintaining validity of each element of the Contract employee's certification status (i.e., suitability determination, medical examination, firearms re-qualification, CPR/AED/First Aid certification). See Exhibit 11.
- I. The CO shall have the express authority to demand return of the FPS Certification card for any Contract employee who does not maintain compliance with the Contract qualification and certification standards, and the CO shall have the express authority to prohibit that employee from performing under the Contract until such time as s/he comes into full compliance with all qualification/certification criteria.

17.2 Security Management

- A. The Contractor shall appoint a senior official to act as the Corporate Security Officer. The individual will interface with the DHS Security Office through the COTR on all security matters, to include physical, personnel, and protection of all Government information and data accessed by the Contractor.
- B. The COTR and the Security Office shall have the right to inspect the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this Contract. Should the COTR determine that the Contractor is not complying with the security requirements of this Contract, the Contractor

will be informed in writing by the Contracting Officer of the proper action to be taken in order to effect compliance with such requirements.

17.3 Suitability Determination / Entry on Duty Decision

- A. DHS shall have and exercise full control over granting, denying, withholding or terminating unescorted access to a Government facility and or sensitive Government information access for Contractor employees, based upon the results of a background investigation. DHS may, as it deems appropriate, authorize and make favorable entry on duty (EOD) decision based on preliminary security checks. The favorable EOD decision would allow the employees to commence work temporarily prior to the completion of the full investigation. The granting of a favorable EOD decision shall not be considered as assurance that a full employment suitability authorization will follow as a result thereof. The granting of a favorable EOD decision or a full employment suitability determination shall in no way prevent, preclude, or bar the withdrawal or termination of any such access by DHS, at any time during the term of the Contract. No employee of the Contractor shall be allowed unescorted access to a Government facility without a favorable EOD decision or suitability determination by the DHS Security Office. Contract employees assigned to the Contract not needing access to sensitive DHS information or recurring access to DHS' facilities will not be subject to security suitability screening.
- B. Contract employees awaiting an EOD decision may begin work on the contract provided they do not access sensitive Government information. Limited access to Government buildings is allowable prior to the EOD decision if a Government employee escorts the contract employee. This limited access is to allow contractors to attend briefings, non-recurring meetings and begin transition work. The EOD determination does not substitute for the required background investigation.

17.4 Suitability Adjudication

- A. After award of the Contract and prior to any Contract employees being permitted to work under the Contract, the Contractor is responsible for ensuring that the Contract employees receive formal suitability adjudication by FPS. All Contract employees shall receive formal suitability adjudication by FPS, including the CM, Supervisors, Quality Assurance personnel and all other company officers that visit the work sites. Contractor suitability determinations are to be made in accordance with the criteria outlined in 5 CFR 731.202.
- B. Once a prospective Contract employee has applied for a position and has been favorably evaluated by the Contractor (i.e., meets the minimum qualification requirements cited in this Statement of Work and otherwise meets the Contractor's hiring criteria), the Contractor shall submit to the COTR the following Government furnished forms for each Contract employee:
 - 1. Two (2) completed original Forms FD-258, "Fingerprint Chart;"
 - 2. Standard Form 85P, "Questionnaire for Public Trust Positions" (plus one copy);
 - 3. Standard Form 85P-S, "Supplemental Questionnaire for Selected Positions" (plus one copy);
 - 4. DHS Form 11000-9, "Disclosure and Authorization Pertaining to Consumer Reports pursuant to the Fair Credit Reporting Act" (plus one copy);
 - 5. Foreign National Relatives or Associates Statement (plus one copy);
 - 6. Lautenberg Amendment Statement (plus one copy);
 - 7. Drug Questionnaire (plus one copy);
 - 8. Alcohol Questionnaire (plus one copy).
 - 9. Financial Disclosure Report (plus one copy);

10. Contractor Information Worksheet.

- C. Contractors are required to use local police, the state police, the Federal Bureau of Investigation (FBI), or FPS regional offices to obtain readable fingerprints on the fingerprint cards. In certain locations, FPS may have an electronic fingerprint-scanning machine, which the Contractor is encouraged to use for fingerprinting Contract employees. Upon receipt of the completed, legible forms, FPS will submit the fingerprints for review by the FBI. FPS will use the information provided by the Contractor and the FBI to make a determination regarding the security guard's suitability to work under an FPS Contract. If the forms are complete and legible, the entire evaluation process will take from one (1) week to several months, depending on current processing times. For planning purposes, the Contractor should always assume that the standard processing time is one (1) month and should plan paperwork submissions accordingly. Standard Form 85P, "Questionnaire for Public Trust Positions" Form must be submitted via OPM "e-QIP" (electronic Questionnaires for Investigation Processing).
1. ELECTRONIC SUBMISSION-OPM "e-QIP" Process: Fill out the ICE "Contractor Information Worksheet", proofread for completeness. Send it to the FPS COTR. They can fax or mail to the FPS Regional Contract Suitability Adjudication Office for continued processing.
- D. Illegible or incomplete forms submitted by the Contractor will be returned and will result in delays in the adjudication process. Therefore, the Contractor must ensure that all forms submitted to FPS are complete, legible, and accurate. FPS shall not be responsible for any delays that occur due to the Contractor's failure to submit complete, accurate, and legible forms to FPS.
- E. All federal agencies are required to implement Homeland Security Presidential Directive 12 (HSPD-12) and must follow the minimum background investigation requirements of National Agency Check with Written Inquiries (NACI) or other suitability or national security investigation prior to credential issuance.
- F. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s).
- G. If FPS finds a Contract employee to be unsuitable to work as a result of the suitability investigation under the Contract, the Contractor shall be advised immediately that such employee cannot work or be assigned to work under the Contract, and the Contractor shall in turn immediately remove the affected employee from the Contract. The security guard or the Contractor may appeal the suitability determination to the CO. However, in such cases the Contractor shall proceed with the hiring process at their own risk until the final determination of the security guard's suitability has been accomplished. Under no circumstances shall a Contract employee who has received a notice of unfavorable (unsuitable) adjudication work under this or any FPS security guard service contract. This requirement also applies to Contract employees whose unfavorable adjudication is pending appeal. Disqualifying information includes but is not limited to the following:
1. Conviction of a felony, a crime of violence, or a serious misdemeanor;
 2. Possessing a record of arrests for continuing offenses;
 3. Falsification of information entered on suitability background investigation forms.
- H. Once a favorable adjudication has been made by FPS, the security guard is suitable to work under the Contract for five (5) years (if nothing occurs within the 5-year period that would render the security guard unsuitable for continuing performance under the Contract). The Contractor shall immediately notify the COTR and the CO in writing of any circumstances that arise which could possibly affect any Contract employee's suitability status (e.g., arrests, convictions, and/or termination of employment by the Contractor for cause, such as misconduct or neglect of duty). The Contractor is responsible for renewing the security guard's suitability clearance prior to its expiration. Any security guard who continues to work under the Contract after his/her suitability clearance has expired shall be removed from the Contract until a new favorable suitability determination is made. The Contractor should make every effort to submit a new suitability package to FPS at least 30 days prior to the current suitability expiration date.

1. Any investigation conducted by or for another federal agency on a contractor that is of the same or higher type and scope as the one required for the position is sufficient to meet the investigation requirements provided it was conducted within the past five years.
 2. Any investigation conducted by or for another federal agency on a contractor whose scope is less than that required for the position can be upgraded as provided for by OPM to meet the investigation requirements of the position if it was conducted within the past five years.
- I. For employees cleared through this process while employed under a predecessor contract (providing the same services), the suitability determination made under the previous contract will carry over to the new contract. However, the Contractor will be required to submit new suitability applications once the security guards' current suitability clearances expire.
1. Contractors who have been investigated and approved by Components prior to the issuance of DHS-MD 11055, "Suitability Screening Requirements for Contractors" to work on unclassified contracts are eligible to remain on the contract even though they may not have the investigation commensurate with the risk level indicated in Appendix 1. Such contractors cannot perform work under a different contract or at a different risk level until the investigative requirements in Appendix 1 are met.
 2. Lawful Permanent Residents are not eligible (1) to transfer between contracts; (2) for an upgrade to another position; or (3) to remain on a contract after a re-compete and award.
- J. FPS shall have and exercise full and complete control over granting, denying, withholding, or terminating suitability clearances for employees. FPS may, as it deems appropriate, authorize and grant temporary clearances to employees of the Contractor. However, issuance of a temporary clearance to any such employee shall not be considered as assurance that full clearance will be granted as a result or condition thereof, and the granting of either temporary or full clearance shall in no way prevent, preclude, or bar the later withdrawal or termination of any such clearance by the Government.

18 Security Clearance Requirements

18.1 Background Investigations

- A. In addition to meeting the FPS background suitability check described in Section C, additional security clearances may be required by the Contract and task order(s). These clearances will be provided by the Department of Defense Security Service (DSS), the Department of Energy (DOE), the Nuclear Regulatory Commission (NRC), or other agency, as appropriate (refer to Section J, Exhibit 6C for further information as to whether this Contract will require such clearances). Where such clearances are required, employees shall be subject to a security investigation by the Government prior to being allowed to work at the site. This requirement may also pertain to officers of the firm, who for any reason may visit the work site(s) during the term of the Contract. Employees may not work at the site until the Contractor receives a DD Form 560 (Letter of Consent), for the individual employee from DSS, or receives a final clearance from DOE, NRC, or other agency.
- B. The Government shall notify the Contractor of the required security classification of this Contract and the elements thereof, and of any subsequent revisions in such security classifications, by use of Security Requirements Checklist (DD Form 254), or other written notification.
- C. In all areas requiring a DOD, DOE, NRC, or other agency security clearance, the Contractor shall comply with the provisions of the most currently available National Industrial Security Program Operating Manual (NISPOM). This publication may be obtained online at www.dss.mil or from the Superintendent of Documents, U.S. Government Printing Office, Mail Stop SSOP, Washington, DC 20402-9238 (ISBN: 0-16-045560-X). Application forms required for DOD personnel security clearances shall be obtained from Defense Security Service (DSS) at www.dss.mil; for DOE clearances at www.doe.gov; and for NRC at www.nrc.gov. Each designated employee must complete all applicable forms. The Contractor shall notify the

COTR in writing within five calendar days of receipt of authorization for employees to be assigned to classified areas. (See Part III, Section J, Exhibit 6A, Security Clearance Requirements).

- D. A security clearance determination of whether an individual should be eligible for access to classified information is a process separate and distinct from the suitability determination and is conducted in accordance with DHS MD 11035, Industrial Security Program. For contractors processed in accordance with DHS MD 11035, the investigative standard for access to Secret classified information will be a MBI. The minimum investigative standard for access to Top Secret classified information will be a SSBI. Each designated employee must complete all applicable forms.
- E. The Government will provide the Contractor with the appropriate personnel security questionnaire and fingerprint forms that are to be completed for each Contract security guard employee performing under this Contract, as well as the firm employees, who may, in the performance of this Contract, visit the work site.
- F. Contract employees (to include applicants, temporaries, part-time and replacement employees) under the contract needing access to sensitive information shall undergo a position sensitivity analysis based on the duties each individual will perform on the contract. The results of the position sensitivity analysis shall identify the appropriate background investigation to be conducted. All background investigations will be processed through the Security Office. Prospective Contractor employees with adequate security clearances issued by the Defense Industrial Security Clearance Office (DISCO) may not be required to submit complete security packages, as the clearance issued by DISCO may be accepted. Prospective Contractor employees shall submit the following completed forms to the Security Office, through the COTR, no less than 30 days before the starting date of the Contract or 30 days prior to entry on duty of any employees, whether a replacement, addition, subcontractor employee, or vendor.
 - a. Standard Form 85P, "Questionnaire for Public Trust Positions".
 - b. Standard Form 86, "Questionnaire for National Security Positions"
 - c. Lautenberg Amendment Statement (plus one copy)
 - d. FD Form 258, "Fingerprint Card" (2 copies)
 - e. Foreign National Relative or Associates Statements
 - f. DHS 11000-9, "Disclosure and Authorization Pertaining to Consumer Reports Pursuant to the Fair Credit Reporting Act"
 - g. Drug Questionnaire
 - h. Alcohol Questionnaire
 - i. Contractor Information Worksheet

Required forms will be provided by DHS/ FPS at the time of award of the contract. Only complete packages will be accepted by the DHS/ FPS Contract Suitability Adjudication Program Office. Specific instructions on submission of packages will be provided upon award of the contract. Standard Form 85P, "Questionnaire for Public Trust Positions" Form will be submitted via e-QIP (electronic Questionnaires for Investigation Processing). (For the Electronic Submission process refer to Chap. 17.4C.1 above).

- G. The Contractor is responsible for all costs associated with obtaining and renewing the applicable security clearances for each affected Contract employee. The costs should be factored into the offering prices, as they will not be itemized or paid for separately by the Government.
- H. The Contractor is advised to only submit security packages on suitable prospective employees whose integrity, credit, and character will meet the security suitability requirements of DHS. DHS will likely consider as being

unsuitable prospective employees who fail to truthfully represent their credit history; who make no attempt to pay debts; and whose character could be questionable because of serious arrests, illegal drug use, or abuse of alcohol.

- I. Unless an applicant/employee has resided in the U.S. for three of the past five years, the Government may not be able to complete a satisfactory background investigation. In such cases, DHS retains the right to deem an applicant/employee as ineligible due to insufficient background information.

18.2 Access To Classified Information (Contractor)

- A. The DHS has determined that the performance of this Contract requires that the Contractor, subcontractor(s), vendor(s), etc., (herein known as Contractor) require(s) access to sensitive DHS information or classified National Security Information (herein known as classified information). Classified information is Government information that requires protection in accordance with Executive Order 12958, Classified National Security Information, and supplementing directives.
- B. See Section J, Exhibit 6C, Security Suitability Requirements, for a determination of which, if any, Contractor facilities and Contractor personnel, including Contract Manager or Supervisor, assigned to this Contract are required to possess up to a TOP SECRET security clearance.
- C. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor will abide by the requirements set forth in the DD Form 254, Contract Security Classification Specification, DHS MD 11035, Industrial Security Program, and the National Industrial Security Program Operating Manual (NISPOM) for the protection of classified information at its cleared facility, if applicable, as directed by the Defense Security Service. If the Contractor has access to classified information at a DHS or other Government facility, it will abide by the requirements set by that agency. If these procedures are not properly followed by the Contractor, it will result in deductions from monthly invoices.
- D. The Contractor and all applicable personnel shall be cleared pursuant to the Defense Industrial Security Regulations, or other applicable regulations. The Contractor shall hold as a minimum, interim facility clearance requirements subsequent to the official award date, and/or at least thirty- (30) days prior to the Contract start-up date.
- E. Interim Personnel Clearance Level – Applicants for SECRET may be routinely granted a interim personnel clearance level as appropriate, provided there is not evidence of adverse information of material significance. The interim status will cease if results are favorable following completion of full investigation requirements. **Non-U.S. citizens are not eligible for access to classified information on an interim basis.**
- F. If access to classified information is required as identified in Section J, Exhibit 6C, the Contractor must possess a TOP SECRET facility clearance consistent with the DHS MD 11035, Industrial Security Program prior to Contract award. If an unclassified firm is selected, DHS will sponsor the firm for the facility clearance. If the facility clearance is not issued within 180 days, DHS may terminate the Contract for the convenience of the Government.

18.3 Continued Eligibility

- A. A contractor on whom unfavorable or derogatory information has been uncovered must be presented with the information and offered an opportunity to refute, explain, clarify, or mitigate the information in question. If a determination of ineligibility is made, the individual will be formally notified and informed of the reason(s). If a prospective employee is found to be ineligible for access to Government facilities or information, the COTR will advise the Contractor that the employee shall not continue to work or to be assigned to work under the Contract.
- B. The Security Office may require drug screening for probable cause at any time and/or when the Contractor independently identifies circumstances where probable cause exists.

- C. DHS reserves the right and prerogative to deny and/or restrict the facility and information access of any Contractor employee whose actions are in conflict with the standards of conduct, 5 CFR 2635 and 5 CFR 3801, or whom DHS determines to present a risk of compromising sensitive Government information to which he or she would have access under this Contract.
- D. The Contractor will immediately report any adverse information coming to their attention concerning contract employees under the contract to the COTR. Reports based on rumor or innuendo should not be made. The subsequent termination of employment of an employee does not obviate the requirement to submit this report. The report shall include the employees' name and social security number, along with the adverse information being reported.
- E. The Contractor must notify the Security Office of all terminations/resignations within five (5) days of occurrence. The Contractor will return any expired DHS/FPS issued identification cards and building passes, or those of terminated employees to the COTR. When a controlled personnel identification system is used by a tenant agency at a site at which the Contract employee is assigned for duty, and the tenant agency provided the Contract employee with the necessary Government identification, the Contractor shall ensure that all Government identifications are returned to the issuing agency when employees are terminated or resign, or upon expiration of the Contract, whichever comes first. If an identification card or building pass is not available to be returned, a report must be submitted to the COTR, referencing the pass or card number, name of individual to whom issued, the last known location and disposition of the pass card.

19 Contractor's Personnel Filing System

- A. To minimize duplication of effort by the FPS and the Contractor, the Contractor shall maintain personnel files on-site for all employees who work under this Contract. Files shall be maintained at the Contractor Manager's office and will be made available to the COTR on a continuous basis. Each guard's file must contain the following information:
 - 1. Application for employment, including SF85P, FD 258, resume or detailed prior work history and references;
 - 2. Results of all criminal history checks obtained by the Contractor;
 - 3. U.S. Citizenship and Immigration Services Form I-9 *Employment Eligibility Verification* (OMB No. 1115-0136);
 - 4. A copy of DHS 11000-6 *Non-Disclosure Agreement*,
 - 5. A copy of high school diploma, GED certificate, college transcripts, military records, or POST training completion;
 - 6. Records of all basic and refresher training attendance and, where required, test scores;
 - 7. Records of current firearms training and qualification scores, where required by the Contract;
 - 8. Records of all successfully completed Government-provided training;
 - 9. A copy of most recent CPR, First Aid, and AED certification card;
 - 10. Results of all drug screenings administered (both pre- and post- employment);
 - 11. A copy of the DHS certification card as required by the COTR;
 - 12. A copy of all firearm licenses and certifications required by state and local regulations;
 - 13. Records of guard's suitability information (including date current suitability expires);

14. Copies of all complaints, investigations, and disciplinary actions taken by the Contractor against the employee for all infractions committed under the Contract;
 15. A copy of all commendations, awards, letters, and other documents given to the employee as a result of work performed under this Contract; and
 16. A copy of any National Security Information clearance issued, where required by this Contract (i.e., Secret/Top Secret).
 17. To comply with the Health Insurance Portability & Accountability Act (HIPAA), the Medical Evaluation (SF-78) may be filed separately by the Contractor.
- B. The CO or COTR shall have the express authority to review any Contract employee's file at any time during the course of the Contract. The Contractor shall maintain all personnel files for a minimum of five (5) years after Contract closeout (upon receipt of release of claims).
 - C. The CO or COTR can request, at any time during the course of the Contract, a spreadsheet or other tracking system (either in paper form or in electronic form) that clearly details the status of all Contract employees pertaining to Contract requirements.
 - D. The Contractor may maintain either a hard-copy (paper) file or a computerized system containing all the information required above. However, if the Contractor uses a computerized filing system, all forms must be scanned into the computer and must be legible.
 - E. False statements, certification, or falsification of any documents required in this Contract by the Contractor, Contract Manager, or any Contract employee shall be punishable under US Code Title 18, Chapter 47, Section 1001, Fraud and False Statements. Additionally, the Government may initiate investigations by its Office of Inspector General or the regional FPS Criminal Investigations Branch, may initiate debarment proceedings, and/or may take Contractual remedies, up to and including termination for default. Under no circumstances whatsoever will the Government tolerate falsification of required documents.

20 Performance Evaluations

- A. The CO and/or COTR shall meet with the Contractor (either in person or via teleconference) on a regular basis, but not less than annually.
- B. The Government shall formally evaluate, in writing, the Contractor's performance *at least* once per year. Whenever possible, the Government shall give the Contractor the opportunity to correct any identified problems/deficiencies prior to a written performance evaluation being given. The Contractor shall be permitted to respond, in writing, to the findings of the performance evaluation. Both the performance evaluation and the Contractor's response shall be filed in the Contract file. Where the Contractor fails to respond in writing to a performance evaluation, the CO shall assume the Contractor's complete concurrence with the findings of the performance evaluation. The CO and/or COTR shall meet with the Contractor prior to all performance evaluations to discuss the results of the Government's quality control findings and the overall performance of the Contract by the Contractor.
- C. The Government shall use the performance evaluations as a factor to determine whether to exercise any available option period and/or as a factor to determine whether to award any future Contract(s) to the Contractor.

PAYMENTS

- A. Payment will be made on a calendar month basis in arrears upon submission of an invoice. Payment will be due on the 30th calendar day after receipt of a proper invoice or date of receipt of services, whichever is later. In the event the Order begins or ends during the month, payments will be prorated based on the number of calendar days in the respective month.
- B. It is the objective of the Government to obtain complete and satisfactory performance in accordance with the terms of specifications and requirements of this Order. The criteria for deductions and adjustments below will be used by the Government in determining monetary deductions for nonperformance of work under this Order and for adjustments for deficiencies in the performance of work.
- C. The Contractor is responsible for submitting accurate invoices that reflect the actual services provided each month. Where there are variances between the requirements cited in the Order(s) and the work actually performed (*e.g.*, unmanned posts), the Contractor shall attach a separate sheet to the invoice detailing each instance of a variance. The Contractor shall compute the invoice price to reflect the actual amount owed. Submission of false invoices shall be subject to contractual and legal actions.
- D. To verify the monthly payment for productive man-hours, the Contracting Officer's Technical Representative may compare the man-hours required in the Order with the GSA Form 139, Record of Time of Arrival and Departure from Buildings, or other approved sign-in/sign-out form. The Government may perform a 100% comparison or sampled comparison to verify the accuracy of the Contractor's invoice. The Government will only pay for services actually rendered by the Contractor. If variances are noted between the invoice and the GSA Form 139, the Government will propose an Order deduction. For example, if the Order required that a post be manned for 12 hours, and the Contractor billed for 12 hours, but the GSA Form 139 shows that post was manned for 10 hours, the 10 hours will prevail and the Government will deduct the difference.

Any inquiries regarding payment shall be directed to the Contracting Officer.

The rules in this subpart apply to all property under the authority of GSA and to all persons entering in or on such property. Each occupant agency shall be responsible for the observance of these rules and regulations. Federal agencies must post the notice in the Appendix to this part at each public entrance to each Federal facility.

Inspection

§102-74.370—What items are subject to inspection by Federal agencies?

Federal agencies may, at their discretion, inspect packages, briefcases and other containers in the immediate possession of visitors, employees or other persons arriving on, working at, visiting, or departing from Federal property. Federal agencies may conduct a full search of a person and the vehicle the person is driving or occupying upon his or her arrest.

Admission to Property

§102-74.375—What is the policy on admitting persons to Government property?

Federal agencies must—

(a) Except as otherwise permitted, close property to the public during other than normal working hours. In those instances where a Federal agency has approved the after-normal-working-hours use of buildings or portions thereof for activities authorized by [subpart D](#) of this part, Federal agencies must not close the property (or affected portions thereof) to the public;

(b) Close property to the public during working hours only when situations require this action to provide for the orderly conduct of Government business. The designated official under the Occupant Emergency Program may make such decision only after consultation with the buildings manager and the highest ranking representative of the law enforcement organization responsible for protection of the property or the area. The designated official is defined in [102-71.20](#) of this chapter as the highest ranking official of the primary occupant agency, or the alternate highest ranking official or designee selected by mutual agreement by other occupant agency officials; and

(c) When property or a portion thereof is closed to the public, restrict admission to the property, or the affected portion, to authorized persons who must register upon entry to the property and must, when requested, display Government or other identifying credentials to Federal police officers or other

authorized individuals when entering, leaving or while on the property. Failure to comply with any of the applicable provisions is a violation of these regulations.
