Request No. 2020-00435-FOIA-OS
Request No. 2020-00316-FOIA-OS
Jacqueline Stevens v. HHS et al, Civil No. 22-cv-05072

February 20, 2024

Ms. Jacqueline Stevens
Northwestern University
Via email: drc@northwestern.edu

Dear Ms. Stevens:

This letter is the 15th interim response to the above-referenced Freedom of Information Act (FOIA) requests submitted to the U.S. Department of Health and Human Services (HHS). Specifically, you requested:

Records tied to the hiring, transfers, and scope of work performed by Lauren Underwood at HHS.

- 1) All position announcements associated with any jobs she held at HHS.
- 2) All reports, memorandums, or analyses she produced, including but not limited to her work on Ebola and other emergency public health matters.
- 3) All travel itineraries.
- 4) All expense reports.

The time frame of this request is January 1, 2010 to January 22, 2017.

For this release, the Department processed 545 pages of potentially responsive records captured in the agency's search. After careful review, we determined 502 were not relevant to your request. Eleven pages were sent to a program office for disclosure review and will be returned to this office for final response to you. Twenty-two pages were released in their entirety and 10 pages were disclosed with portions redacted pursuant to Exemption (b)(6) of the FOIA (5 U.S.C. §§ 552).

We will continue to review the remaining records as efficiently and expeditiously as possible. Should you have questions or concerns regarding the Department's response and/or the processing of your request, any such issues should be communicated to your legal counsel and Department of Justice Attorney representing the Department in this matter.

Sincerely yours,

Alesia Y. Williams
Director, FOIA Appeals and Litigations

I'll go back to the Peters scheduler to see if another time works. I don't think we can ask to split them after they have organized jointly. If they can't make another time work, then we can split at their request. Adding Sara to get her read.

Good morning,

As you may know, Dr. Nicole Lurie, the Assistant Secretary for Preparedness and Response at HHS, has been asked to testify in front of the House Energy and Commerce Committee next week. We are hoping that your bosses might be able to sit down with her in advance of the hearing to get an update on the coordinated activities currently underway in Flint, MI.

Currently, Dr. Lurie has is available:

4/7 3:30-4:30
4/8 9:30-1:30, 3:00-4:00
4/12 8:00-9:30, 3:30-4:30

I understand that congressional schedules are very difficult so we are more than happy to take meetings jointly or individually. Please feel free to let me know if you have any questions. I look forward to hearing from you.

I think we're able to make tomorrow at 3:30pm work for Senator Peters and Senator Stabenow. We weren't able to find a time that worked to do a joint meeting with Congressman Kildee. Is 3:30 still available tomorrow?

Best,

Good morning,

As you may know, Dr. Nicole Lurie, the Assistant Secretary for Preparedness and Response at HHS, has been asked to testify in front of the House Energy and Commerce Committee next week. We are hoping that your bosses might be able to sit down with her in advance of the hearing to get an update on the coordinated activities currently underway in Flint, MI.

Currently, Dr. Lurie has is available:

4/7	3:30-4:30
4/8	9:30-1:30, 3:00-4:00
4/12	8:00-9:30, 3:30-4:30

I understand that congressional schedules are very difficult so we are more than happy to take meetings jointly or individually. Please feel free to let me know if you have any questions. I look forward to hearing from you.

Best,

Hi Nicki,

ASPE has an informal “brown bag lunch” series where we invite an HHS leader to come speak to ASPE staff about the work the person does, the person’s background, and hear any thoughts/suggestions the person may have for ASPE. It’s mainly about the first two areas, including any advice on career paths. Would you be willing to come speak to us for an hour around lunch (or another time) sometime this month? I can give you further info/background if you are interested in doing this.

If you are willing to do this, we can work with your team to find a time that works for you.
 Thanks for considering this!
 Jen

Hi Lauren - sure, CDC had a list of states they expected to be most impacted either due to mosquito presence or from significant travel patterns from affected countries. I haven't seen an updated list since the new mosquito maps were released last week though, not sure if CDC is thinking of expanding this:

Alabama, American Samoa, Arkansas, Arizona, California, Florida, Georgia, Guam, Hawaii, Louisiana, Marshall Islands, Micronesia, Mississippi, New Mexico, Northern Mariana Islands, Palau, Puerto Rico, South Carolina, Tennessee, Texas, and U.S. Virgin Islands. Also, Massachusetts, New York, and New Jersey due to the high volume of travelers to these jurisdictions from areas with Zika transmission.

IEA may have good suggestions of external stakeholders to share with this, I can reach out to them if you like. Let me know!

Hi Lauren -

It is possible to get a few paragraphs that clearly outline the recommendations Dr. Lurie provided around 1) public health officer at the city and 2) assessment of the Genesee County Health

Department. I will not be sharing this directly with anyone, but want to make sure I have a good understanding so I can pull a one-page memo together about the need.

Thank you for your help!
