Ok.

We may want to provide a copy of the complaint and your response to OPLA, in the event that they hear back from Ms. Stevens. Do you mind if I do that?

Unless you see something else that needs to be done, I would like to finalize that response to Ms. Stevens and get it out. I called Ms. Jackson and she confirmed the account she provided Cynthia Long earlier today. She said that the judge had excluded Ms. Stevens from the courtroom for the case and that Ms. Crosby (Supervisory LA) had let them know that, not the judge. When Ms. Jackson and the officers told Ms. Stevens that, she said Ms. Stevens began creating a ruckus to draw attention and started ranting and raving. She said she then asked Ms. Stevens to leave the building. Ms. Stevens ranted some more but eventually left the building.

Good Afternoon Judge Smith,

Ms. Jackson's number is **404-246-2048**. Below is the information she provided to me this morning. In addition, I am waiting on FPS to provide me with the incident report.

I spoke with Ms. Jackson, Lead Security Officer/Contractor today June 2, 2010. Ms. Jackson informed me of what her recollection of the incidents that took place on the date in question. Ms. Jackson indicated that Ms. Stevens came in early that day and ask indicated that she wanted to go into the court hearings. They ask her to come see the court administrator Cynthia Long.

Later in the day when the incident began Ms. Jackson was not present at the onset. Upon her arrival it was Officer Hayes and Officer Meyers present with Ms. Stevens who was ranting and raving, and they informed Ms. Jackson that Judge Cassidy did not want Ms. Stevens in his courtroom because there was an asylum hearing. Ms. Stevens was told to leave the building and she started ranting and raving and wanted to know on whose authority is she being removed from the building. Ms. Jackson proceeded to guide Ms. Stevens by her elbow (she indicated this was by the tip of her fingers on Ms. Stevens elbow and not a grip hold) and informed her that she needs to exit the building and then she was ranting and raving that she was being assaulted and turned around to get all of the officers names (Ms. Jackson, Officer Hayes and Officer Meyers). After she got the names Ms. Jackson continued to guide her out of the building.

She informed me that Mr. Hayes and Mr. Meyers are still not present, but there accounts should be in the official report that I have to obtain from DHS/Federal Protective Service.
