Subject: Jackie Stevens/Mark Lyttle

Good Morning,

Be advised that I had two conversations with Ms. Stevens this morning.

The first pertain to her actions: Ms. Stevens with Mark Lyttle went into a merits hearing that was already underway and sat down in the back of the courtroom. Judge Sease, presiding Judge, stopped the hearing and asked who they were. The respondent's attorney on the case did not want them in there so they were asked to leave, and she stood up and made a rude remark to the Judge and court. This type of behavior is completely disruptive to the Immigration court.

I was informed of the aforementioned by Judge Sease who did not know who the two individuals were, but I deduced from the physical description who the individuals might be. I went to the waiting room and Ms. Stevens and Mark Lyttle were present. I engaged Ms. Stevens and informed that it is very disruptive to merit hearings to enter unannounced if you are not a party to the case. I indicate that out of courtesy would she please let us know at reception so we can inform the Judge and determine the specifics of the case. She kept her back to me and began saying aloud "tell me what law are you quoting". Then she turns around and starts speaking louder and putting her hand out to the others in the waiting room that they all have a right to go into these hearings that are supposed to be open so what law am I quoting. I left the waiting room.

Shortly after the above encounter she requested to speak with me again. I went back to reception and she indicated that she had a few questions:

- 1) She wanted to know how I handle the cases and post the cases scheduled for court. She indicated that one of the previous times she was here there were three asylum cases scheduled and she put in a FOIA request and she only received information on one case. I indicated that she would have to request that information from FOIA or public affairs. She indicated that she did that and she want to know my answer to the question because it pertains to this court. I indicated that my answer is she needs to seek all information through public affairs or FOIA. She indicated that I decline to answer her question.
- 2) Where is Judge Cassidy and Judge Pelletier today? I indicated to her that I do not provide the location of Immigration Judges. She indicated that she wanted to know why they are not here and where are they. I indicate that this is not an answer that I can or will provide to the public, and are there any other questions. She indicated that I declined to answer the question.
- 3) She indicated that the calendars show that Judge Wilson has a number of simultaneously scheduled cases and are these detained cases. I indicated no it is not detained. She wanted to know could she go into his courtroom and I told her yes.

- In writing this e-mail I realized that the calendars in Atlanta's waiting room today indicate cases for Judge Sease, Judge Houser and Judge Wilson all non-detained. However, Judge Pelletier [REDACTED] he was unable to come in today. We had over a 100 cases scheduled with Stewart today that Judge Pelletier was to hear via televideo. I cancelled Judge Houser's cases and he is hearing the Stewart cases via TeleVideo today. In addition, we never list Stewart's docket in our waiting room. I thought this additional information would be helpful.

I would like to point out that Ms. Stevens has been very pushy, but she is becoming more rude and aggressive; and the presence of Mark Lyttle who is somewhat threatening as well.
